

March 2013

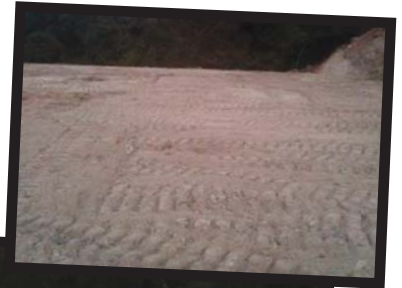

Dear Supporters,

The land has finally been leveled for our future seminary. We are currently working on retaining walls, so that the land will not erode where it is stepped off. We hope to start the foundation for our first house in April. We will be building a series of small houses/cabins to begin with and later as the seminary grows, larger dormitories as needed. We have almost \$4,000 for our first cabin, but will need \$12,000. If anyone would like to contribute part of the other \$8,000 please let us know. We would be grateful for your contribution to this great cause.

In February, we were once again able to host our youth conference. Brothers LeRoy Rolston and Mike Veasey were our speakers this year and God greatly used the messages. Church attendance and offerings seem to be getting better and more consistent. Please pray that we will be able to reach more of the school kids parents. There are some who attend services from time to time, but it seems like the Word of God has not penetrated their hard, worldly hearts.

Thanks to those of you who support us and thanks to all who gave toward the leveling and landscaping of the new property.

Fellowservants For the Cause,  
*Samuel, Julie,  
 Joseph, Celina and Brooklyn*
