

September 2014

Dear Supporting Churches,

The summer months have flown by at an alarming pace and another school year has begun both in the New Life Bilingual School and the New Life Baptist Seminary. There was no way that the two and a half months break was enough time to prepare for the current year. I have been desperately trying to finish up the new seminary classrooms and the new dormitory house for the American teachers. We had to begin both the school and seminary without being completely ready. We have 125 enrolled in the school this year and 11 enrolled in the Seminary. We have also begun a full time cafeteria to provide meals for the dorm students and dorm teachers.

*Installing a 10,000 liter water tank for the new dorms and seminary*

This is a challenge as our budget is \$0.65 per meal. So far everything is working out well and the students and teachers seem to be content.

God has truly been at work here with church attendance. The Las Mesitas and Cali bus routes have been growing and we are ready to purchase another bus to accommodate the growth. Lately we have also been blessed with the largest spate of baptisms in the history of our church. This has been exciting and we are looking forward to what more God has for us in the future.

*New believers, Marisol, Barbie, and Ricardo, after being baptized*

On a different note, Joseph now has a contact lens for his eye. It will take the place of the lens that was removed in surgery. He will be able to see about 20/300 with the lens in his left eye, but that is much better than before. Praise God! Joseph just turned 16 and is preaching, leading music and teaching. Celina, who is 14, teaches. Joseph, Celina and Brooklyn (12) all three work on the bus routes. We are so proud that our children want to serve the Lord along side us. Thank you for your prayers for our protection and your financial support.

Fellow servants,

Samuel, Julie, Joseph, Celina, & Brooklyn

*Seminary Graduation for Henry and Moisés*
