Dear Supporting Churches,

June 2015

In our last letter we asked prayer for the situation with the two seminary students suing us claiming they were employees of our school and were owed \$12,000 in underpaid wages, benefits etc. The case is still pending. In April, a new problem arose for our school. The government officials showed up and said that we were liable to pay taxes on the school profit. Not only that, but we had to pay back taxes for the last 5 years and penalties for not paying all this time. This is the first time anyone from the government tax revenue office has even come to our school. We have never paid these taxes for 8 years and I sure was not going to inquire about them. Apparently there is no way to get out of them so we had to pay about \$2,200 to the federal government. We think we can avoid most taxes in the future by spending the profit before the end of the year. It just seems lately that everyone is trying to get their hands on the school's money. A big part of our ministry is funded through the school so that is what Satan is attacking.

Believe it or not, with all this nonsense going on, we have also had some victories. In May, we were able to inaugurate our new seminary facilities. Fifteen pastors came for the inauguration and we are excited about the future of our seminary. The first floor has two large classrooms, a hallway, and bathroom. The upstairs is an open recreational room for teachers and seminary students.

Several people have gotten saved lately and the church attendance has been very good. The church in La Paz is doing a bit better and we are getting people from a different area. Four to five people go each week to evangelize, and direct the church services.

Thank you for praying for the Hodges family and the New Life and Peace of God Baptist Churches.
