Dear Supporting Churches,

October 2015

In September we took our son Joseph to the States to begin Bible College at Pensacola Christian College. He will be pursuing a Bible and Business degree. He will also be part of the dual enrollment program offered at PCC. We will be going in May for his high school graduation.

Upon returning to Honduras our Christian school had already begun the new school year. Our staff did a very good job beginning the year without us. We have 121 students this year. James Lejeune and Ericka Wright have joined our staff as well as another Honduran teacher, Julio Avila. Soon after arriving back in Honduras the New Life Baptist Seminary began the fall semester with 11 students (2 new men). Bro. James Lejeune also joined our seminary staff this year. What a blessing he has been! It has freed me up more as I'm not as involved in the seminary as I was the year before. I can finally be more involved in administration.

The church in Sabanagrande is doing very well. We have had quite a few visitors. We had about 40 visitors for Friend Day alone. The church in La Paz is moving forward, at least in attendance. Lots of kids are coming which really gets us excited. We hope to find a pastor for this work within the next year or so.

Please continue to pray for the New Life Baptist Church in Honduras. Thank you for holding the ropes.

For the Cause,
Samuel, Julie, Joseph, Celina & Brooklyn
Hodges

Here is Joseph's information if you would like to contact him:
