Dear Supporting Churches,

December 2015

People are continuing to be saved and others added to the church. In October the Hernández and Aguilar families joined the New Life Baptist Church. We hope to see both families, especially the teenagers, grow in the Lord. Another elderly lady, Neri, and two young ladies Daniela and Hingris also joined the church. With all the growth, we are also experiencing church discipline issues. Please pray for wisdom to treat each case with firmness, love, and equality.

We are building a third staff house and hope to be done by January. We also have several infrastructure projects in the pipeline (walls, a bridge, and a large tool shed).

Several young people are interested in attending our Bible College next semester. We hope that the Lord will use the Bible College to train and influence a generation of Honduran men and women.

Once again, thank you all who support and pray for us. May God bless your faithfulness and may each one have a Merry Christmas.

For the Cause,  
Samuel, Julie, Joseph, Celina & Brooklyn Hodges
