Dear Supporting Churches,

April 2016

In 2016 we are striving to make Honduras Great again, and only high energy missionaries can get it done (low energy missionaries are losers). We want the New Life Baptist Church to be a winner (a winner of lost souls). But, to accomplish this we have to build a wall or implement some kind of security measures because we are getting ripped off constantly (they stole the toilet from the seminary building a few weeks ago).

We are continuing with the construction of our men's dormitory. We decided this time to hire a contractor to build. We got a good price (I'm a great negotiator by the way). In Feb. Byron Willis (another high energy guy) came to preach at our Bible Conference. In March, Evangelist Bill and Mary Rice (beautiful people) came to do our Ladies Conference and another Bible Conference. We travelled to the States as well to participate in the PCC Missions conference (great media coverage). The week after the missions conference we were able to stay for recruitment and we recruited one teacher for our Christian school.

Our ministry currently employs 14 people plus two part time. We will be extending that to about 16-17 by next school year. I think that makes the New Life Baptist Church one of the greatest job creators that God ever placed in Sabanagrande.

In conclusion, the only difference between me and the Donald is that he thinks his success is because of him. For our part we acknowledge fully the mighty hand of God and all the wonderful Christians God has used to bring about His work in Honduras. So, thank you all so much. You are beautiful people, love you all! Love Christian people! Love America! Love the Bible! Love everything!

Let's make missions in Honduras great again.

For the Cause,
Samuel, Julie, Joseph, Celina & Brooklyn Hodges

Andrew Garcia, one of our new teachers for next year

Baptism of Ronal

Our family with Bill and Mary Rice

Baptism of Fredy, a new and growing convert
