Dear Pastors & Supporters,

November 2017

September and October are months of change in the United States. Many look forward with apprehension to the cold winter months. Honduras will not change much though. A bit of cooler weather at nights in November through January is all we will have, but we always look forward to Thanksgiving and Christmas.

New Life Baptist Church is constantly seeing souls saved. Not in masses, but in trickles. We ask prayer that we would be able to see these decisions for Christ take root and blossom into fruit. Since our last letter, we have had to deal with a matter of sin and discipline in the church. God is gracious and we were able to also see reconciliation and forgiveness. Pray that through the preaching of the Word, we will be able to combat the worldly and carnal thinking of some in the church.

Brooklyn has fully recovered from her appendectomy. We are grateful for many who prayed for her. Joseph and Celina are doing well in college. We were invited to attend the Campus Church missions conference. It was a double blessing for us to be a part of the conference and to be with our two children. Julie and I are doing well. However, we are struggling with the common middle aged stuff like back, knee, and shoulder pains. This November, we will have been in Honduras for 20 years. We are grateful to have made it this far in the race, and hope to serve for many more years.

As we seek to fulfill the Great Commission, we appreciate your prayer and financial support.

For the Cause,

Sam, Julie, Joseph, Celina & Brooklyn

Julie won 2nd place in our church's annual Soup Night

New believers, Oneida and Cindy, followed the Lord in Believer's Baptism

Ordination service for Moisés, a 2014 Seminary graduate

We had a great time with missionaries and friends.

Enjoying time as a family in Pensacola
