

May 2020

God be praised! After 2 other flights being cancelled, we were finally able to leave Honduras and return to the homeland for our oldest son's wedding. Only a handful of people would understand just what a miracle God did for us.

The wedding went great and we are so pleased with our new daughter. Joseph and Abbi will now be raising support to come to Honduras as missionaries. Please pray for them. If you are interested in partnering with them, here is his email hodgesinhonduras@gmail.com and their cellphones are 302-249-6697 / 678- 818-2040

Services are continuing every Sunday and Tuesday at New Life Baptist Church. Some villages will allow us in and others will not. We are going where we can go and doing what we can do, government rules notwithstanding.

We, of course, are stranded here in the States until flights are allowed back in. Our great comfort is that we have in place in Honduras a staff of Hondurans and Americans that I think is unparalleled anywhere in Central America. God has truly blessed the church with dedicated leaders, both men and women, who are carrying on the work.

We are striving to represent your church and the Lord well during these trying times.

For the Cause,

Samuel, Julie, Celina and Brooklyn Hodges
